

2009-2010 Federal Family Education Loan Program (FFELP) List of Lenders

University of the Sciences in Philadelphia (USP) is providing this list of lenders to consider when borrowing a Federal Subsidized and/or Federal Unsubsidized Stafford Loan, or Graduate PLUS. Parents may also consider these lenders for the Federal Parent PLUS program.

The lenders are listed in random order and were selected after careful review by the Loan Review Committee based on their customer service, pricing, and borrower benefits. They are also lenders from whom many USP students have previously borrowed and received excellent service. Students and parents are free to choose any lender and/or any guarantor not on this list, and USP will process the loan and receive the loan funds in a timely manner.

Please note: the lenders will deduct a 1.5% origination and default fee from the principal of the loan upon disbursement.
