

## Call for submission for the Outstanding Adjunct or Part-time Faculty Awards

Adjunct and part-time faculty members contribute significantly, though often thanklessly, to USP. To recognize them, Provost, Russell DiGate has authorized awarding outstanding adjunct and part-time faculty member a stipend which they may use for continuing their education, attending a conference or participating in a workshop. **Students, faculty members, or chairs may make nominations** on the form below, which a committee of chairs judges.

The call for nominations goes out in the fall and the spring and includes the names of the adjunct and part-time faculty so that students can identify them.

All adjunct faculty who were nominated are recognized at the annual Faculty Council Luncheon. The winners will be announced at this luncheon. The names of the winners are inscribed on a plaque.
